DISCLAIMER

This is not a guarantee of payment, coverage, or reimbursement. Intersect ENT does not provide any advice, recommendation, guarantee, or warranty relating to coverage, reimbursement, or coding for any product or service. Healthcare providers are responsible for determining coverage and reimbursement information and ensuring the accuracy and completeness of claim submissions for their patients. Coding, coverage, and reimbursement vary significantly by payer, patient, and setting of care and are subject to change. Additional information may exist. Actual coverage and reimbursement decisions are made by individual payers. Healthcare providers are responsible for consulting payers' policies.

Individual payer plans may vary. Contracted rates for Buy & Bill will vary.

*Coverage information as of June 2020

**Includes TX, IL, NM, OK, MT, HI, MD, DC, VA, NC, SC, NE

The PROPEL sinus implants are indicated to maintain patency and locally deliver steroid to the sinus mucosa in patients ≥18 years of age after sinus surgery: PROPEL for the ethmoid sinus, PROPEL Mini for the ethmoid sinus/frontal sinus opening, and PROPEL Contour for the frontal/maxillary sinus ostia.

Contraindications include patients with intolerance to mometasone furoate (MF) or hypersensitivity to bioabsorbable polymers. Safety and effectiveness of the implant in pregnant or nursing females have not been studied. Risks may include, but are not limited to, pain/pressure, displacement of the implant, possible side effects of intranasal MF, sinusitis, epistaxis, and infection.

For full Prescribing Information see IFU at [intersectent.com/products](https://www.intersectent.com/products). Rx only.
